# PRACTICE EXAM 19: POLICE OFFICER SIMULATION (100 QUESTIONS)

*This independent practice simulation contains 100 questions for extended training. The current NYPD hiring FAQ describes a 55-question civil-service exam with two hours to complete it, and the current DCAS notice states that a score of at least 70% is required to pass. For a realistic challenge, complete this expanded practice set under a strict time limit, then review every explanation.*

**1.** Rule: a report goes to Unit 2 only when it concerns property and no person is injured. Report 19-1 concerns property, and no person is injured. Which unit meets the rule?

A. Unit 1 receives the report.
B. Unit 3 receives the report.
C. Unit 2 receives the report.
D. Unit 4 receives the report.

**2.** Every sealed package receives a tracking label. Package Vega is sealed. What must be true?

A. The package is opened first.
B. The package is discarded first.
C. The package is photographed first.
D. The package receives a label.

**3.** Rule: if a record is incomplete, return it before filing. Record 19-3 is incomplete. Which action comes first?

A. File the record.
B. Return the record.
C. Destroy the record.

D. Copy the record.

**4.** Four lockers are available. A locker qualifies only if it is unoccupied, in row 3, and marked blue. Locker 1 is occupied; Locker 2 is in row 2; Locker 3 is unoccupied, in row 3, and blue; Locker 4 is unoccupied but red. Which locker qualifies?

A. Locker 3 qualifies.
B. Locker 1 qualifies.
C. Locker 2 qualifies.
D. Locker 4 qualifies.

**5.** Rule: a report goes to Unit 2 only when it concerns property and no person is injured. Report 19-5 concerns property, and no person is injured. Which unit meets the rule?

A. Unit 1 receives the report.
B. Unit 3 receives the report.
C. Unit 4 receives the report.
D. Unit 2 receives the report.

**6.** Every sealed package receives a tracking label. Package Bennett is sealed. What must be true?

A. The package is opened first.
B. The package is discarded first.
C. The package receives a label.
D. The package is photographed first.

**7.** Rule: if a record is incomplete, return it before filing. Record 19-7 is incomplete. Which action comes first?

A. Return the record.
B. File the record.

C. Destroy the record.
D. Copy the record.

**8.** Four lockers are available. A locker qualifies only if it is unoccupied, in row 3, and marked blue. Locker 1 is occupied; Locker 2 is in row 2; Locker 3 is unoccupied, in row 3, and blue; Locker 4 is unoccupied but red. Which locker qualifies?

A. Locker 1 qualifies.
B. Locker 3 qualifies.
C. Locker 2 qualifies.
D. Locker 4 qualifies.

**9.** Rule: a report goes to Unit 2 only when it concerns property and no person is injured. Report 19-9 concerns property, and no person is injured. Which unit meets the rule?

A. Unit 2 receives the report.
B. Unit 1 receives the report.
C. Unit 3 receives the report.
D. Unit 4 receives the report.

**10.** Every sealed package receives a tracking label. Package Foster is sealed. What must be true?

A. The package is opened first.
B. The package receives a label.
C. The package is discarded first.
D. The package is photographed first.

**11.** Rule: if a record is incomplete, return it before filing. Record 19-11 is incomplete. Which action comes first?

A. File the record.

B. Destroy the record.
C. Copy the record.
D. Return the record.

**12.** Four lockers are available. A locker qualifies only if it is unoccupied, in row 3, and marked blue. Locker 1 is occupied; Locker 2 is in row 2; Locker 3 is unoccupied, in row 3, and blue; Locker 4 is unoccupied but red. Which locker qualifies?

A. Locker 1 qualifies.
B. Locker 2 qualifies.
C. Locker 3 qualifies.
D. Locker 4 qualifies.

**13.** A sequence follows a consistent rule: 25, 29, 33, 37. Which number should come next?

A. 45
B. 37
C. 53
D. 41

**14.** A sequence follows a consistent rule: 26, 31, 36, 41. Which number should come next?

A. 51
B. 46
C. 41
D. 61

**15.** In three records, a red tag appears with a sealed pouch, a red tag appears with a sealed box, and a red tag appears with a sealed envelope. What general pattern is best supported?

A. The color marks heavy items.

B. The color marks damaged items.
C. The color marks sealed items.
D. The color marks urgent items.

**16.** Three observations show that a subject who checks the left panel also checks the center panel, while a subject who checks the right panel does not check the center panel. Which conclusion is best supported by these examples?

A. The center check is associated with the left check.
B. The center check always follows the right check.
C. The right check requires the center check.
D. The left check prevents the center check.

**17.** A sequence follows a consistent rule: 24, 27, 30, 33. Which number should come next?

A. 39
B. 33
C. 45
D. 36

**18.** A sequence follows a consistent rule: 25, 29, 33, 37. Which number should come next?

A. 45
B. 37
C. 41
D. 53

**19.** In three records, a white tag appears with a sealed pouch, a white tag appears with a sealed box, and a white tag appears with a sealed envelope. What general pattern is best supported?

A. The color marks heavy items.

B. The color marks sealed items.
C. The color marks damaged items.
D. The color marks urgent items.

**20.** Three observations show that a subject who checks the left panel also checks the center panel, while a subject who checks the right panel does not check the center panel. Which conclusion is best supported by these examples?

A. The center check is associated with the left check.
B. The center check always follows the right check.
C. The right check requires the center check.
D. The left check prevents the center check.

**21.** A sequence follows a consistent rule: 23, 25, 27, 29. Which number should come next?

A. 31
B. 33
C. 29
D. 37

**22.** A sequence follows a consistent rule: 24, 27, 30, 33. Which number should come next?

A. 39
B. 36
C. 33
D. 45

**23.** In three records, a red tag appears with a sealed pouch, a red tag appears with a sealed box, and a red tag appears with a sealed envelope. What general pattern is best supported?

A. The color marks heavy items.

B. The color marks damaged items.
C. The color marks sealed items.
D. The color marks urgent items.

**24.** Three observations show that a subject who checks the left panel also checks the center panel, while a subject who checks the right panel does not check the center panel. Which conclusion is best supported by these examples?

A. The center check always follows the right check.
B. The right check requires the center check.
C. The left check prevents the center check.
D. The center check is associated with the left check.

**25.** A four-step record process follows these rules: photograph P before label L; label L before seal S; and notify N after sealing. Which sequence is valid?

A. L-P-S-N
B. P-S-L-N
C. P-L-S-N
D. N-P-L-S

**26.** A response sequence requires A before B, B before C, and C before D. Which order follows all three requirements?

A. B-A-C-D
B. A-B-C-D
C. A-C-B-D
D. D-C-B-A

**27.** A closing routine requires R before S, S before T, and V after T. Which sequence follows the routine?

A. R-S-T-V
B. S-R-T-V
C. R-T-S-V
D. V-R-S-T

**28.** A four-step record process follows these rules: photograph P before label L; label L before seal S; and notify N after sealing. Which sequence is valid?

A. L-P-S-N
B. P-S-L-N
C. N-P-L-S
D. P-L-S-N

**29.** A response sequence requires A before B, B before C, and C before D. Which order follows all three requirements?

A. B-A-C-D
B. A-C-B-D
C. A-B-C-D
D. D-C-B-A

**30.** A closing routine requires R before S, S before T, and V after T. Which sequence follows the routine?

A. S-R-T-V
B. R-T-S-V
C. V-R-S-T
D. R-S-T-V

**31.** A four-step record process follows these rules: photograph P before label L; label L before seal S; and notify N after sealing. Which sequence is valid?

A. L-P-S-N
B. P-L-S-N
C. P-S-L-N
D. N-P-L-S

**32.** A response sequence requires A before B, B before C, and C before D. Which order follows all three requirements?

A. A-B-C-D
B. B-A-C-D
C. A-C-B-D
D. D-C-B-A

**33.** A closing routine requires R before S, S before T, and V after T. Which sequence follows the routine?

A. S-R-T-V
B. R-T-S-V
C. V-R-S-T
D. R-S-T-V

**34.** A four-step record process follows these rules: photograph P before label L; label L before seal S; and notify N after sealing. Which sequence is valid?

A. L-P-S-N
B. P-L-S-N
C. P-S-L-N
D. N-P-L-S

**35.** A response sequence requires A before B, B before C, and C before D. Which order follows all three requirements?

A. B-A-C-D
B. A-C-B-D
C. A-B-C-D
D. D-C-B-A

**36.** A closing routine requires R before S, S before T, and V after T. Which sequence follows the routine?

A. R-S-T-V
B. S-R-T-V
C. R-T-S-V
D. V-R-S-T

**37.** Review this record: Officer Wells logged a silver camera with tag D-57 in Locker 4. Which item was logged?

A. field notebook
B. camera
C. traffic cone
D. metal case

**38.** Review this record: Officer Young logged a black backpack with tag E-58 in Locker 5. What color was recorded?

A. yellow
B. white
C. orange
D. black

**39.** Review this record: Officer Archer logged a yellow key ring with tag F-59 in Locker 6. Who made the entry?

A. Officer Bennett
B. Officer Calder
C. Officer Archer
D. Officer Diaz

**40.** Review this record: Officer Bennett logged a white document pouch with tag G-60 in Locker 7. Where was it placed?

A. Locker 7
B. Locker 8
C. Locker 9
D. Locker 6

**41.** Review this record: Officer Calder logged a orange radio with tag H-61 in Locker 2. Which tag was recorded?

A. H-62
B. I-61
C. H-60
D. H-61

**42.** Review this record: Officer Diaz logged a blue flashlight with tag I-62 in Locker 3. Which item was logged?

A. flashlight
B. field notebook
C. traffic cone
D. metal case

**43.** Review this record: Officer Ellis logged a green tablet with tag J-63 in Locker 4. What color was recorded?

A. red
B. silver
C. green
D. black

**44.** Review this record: Officer Foster logged a red evidence envelope with tag K-64 in Locker 5. Who made the entry?

A. Officer Grant
B. Officer Foster
C. Officer Hale
D. Officer Irwin

**45.** Review this record: Officer Grant logged a silver camera with tag L-65 in Locker 6. Where was it placed?

A. Locker 7
B. Locker 6
C. Locker 8
D. Locker 5

**46.** Review this record: Officer Hale logged a black backpack with tag M-66 in Locker 7. Which tag was recorded?

A. M-67
B. N-66
C. M-65
D. M-66

**47.** Review this record: Officer Irwin logged a yellow key ring with tag N-67 in Locker 2. Which item was logged?

A. key ring
B. field notebook
C. traffic cone
D. metal case

**48.** A report identifies a witness but omits the time of the observation, even though the sequence of events is central to the report. What is the key sensitivity?

A. A witness name is missing.
B. A location is repeated.
C. A timing detail is missing.
D. A sentence is too short.

**49.** A report by Officer Archer states that a vehicle left northbound, but the attached sketch arrow points southbound. Which issue is most important to notice?

A. The vehicle is described as ordinary.
B. The report uses complete sentences.
C. The sketch includes a street name.
D. The direction conflicts with the sketch.

**50.** A property log lists three sealed items, but the transfer line records only two. Which problem should be identified?

A. The items are listed in order.
B. The item counts do not match.
C. The log contains a signature line.
D. The transfer line has a date.

**51.** A caller says the entrance is on the east side, while the responding note says the officer waited at the west entrance. Which concern is most relevant?

A. The two location descriptions conflict.
B. The caller gave a street name.
C. The officer wrote a time.
D. The note uses a complete address.

**52.** A report identifies a witness but omits the time of the observation, even though the sequence of events is central to the report. What is the key sensitivity?

A. A witness name is missing.
B. A location is repeated.
C. A timing detail is missing.
D. A sentence is too short.

**53.** A report by Officer Ellis states that a vehicle left northbound, but the attached sketch arrow points southbound. Which issue is most important to notice?

A. The vehicle is described as ordinary.
B. The report uses complete sentences.
C. The sketch includes a street name.
D. The direction conflicts with the sketch.

**54.** A property log lists three sealed items, but the transfer line records only two. Which problem should be identified?

A. The item counts do not match.
B. The items are listed in order.
C. The log contains a signature line.
D. The transfer line has a date.

**55.** A caller says the entrance is on the east side, while the responding note says the officer waited at the west entrance. Which concern is most relevant?

A. The caller gave a street name.
B. The officer wrote a time.
C. The two location descriptions conflict.
D. The note uses a complete address.

**56.** A report identifies a witness but omits the time of the observation, even though the sequence of events is central to the report. What is the key sensitivity?

A. A witness name is missing.
B. A timing detail is missing.
C. A location is repeated.
D. A sentence is too short.

**57.** A report by Officer Irwin states that a vehicle left northbound, but the attached sketch arrow points southbound. Which issue is most important to notice?

A. The vehicle is described as ordinary.
B. The report uses complete sentences.
C. The sketch includes a street name.
D. The direction conflicts with the sketch.

**58.** A property log lists three sealed items, but the transfer line records only two. Which problem should be identified?

A. The items are listed in order.
B. The item counts do not match.
C. The log contains a signature line.
D. The transfer line has a date.

**59.** Starting at coordinate (0, 0), a patrol route moves 3 blocks east, 2 blocks north, 3 blocks west, and 1 blocks south. At which coordinate does the route end?

A. Coordinate (1, 3)
B. Coordinate (-2, 0)
C. Coordinate (0, 1)
D. Coordinate (3, -2)

**60.** Starting at coordinate (0, 0), a patrol route moves 4 blocks east, 3 blocks north, 1 blocks west, and 3 blocks south. At which coordinate does the route end?

A. Coordinate (3, 0)
B. Coordinate (4, 2)
C. Coordinate (1, -1)
D. Coordinate (6, -3)

**61.** Starting at coordinate (0, 0), a patrol route moves 1 blocks east, 4 blocks north, 2 blocks west, and 2 blocks south. At which coordinate does the route end?

A. Coordinate (0, 4)
B. Coordinate (-1, 2)
C. Coordinate (-3, 1)
D. Coordinate (2, -1)

**62.** Starting at coordinate (0, 0), a patrol route moves 2 blocks east, 5 blocks north, 3 blocks west, and 1 blocks south. At which coordinate does the route end?

A. Coordinate (-1, 4)
B. Coordinate (0, 6)
C. Coordinate (-3, 3)
D. Coordinate (2, 1)

**63.** Starting at coordinate (0, 0), a patrol route moves 3 blocks east, 2 blocks north, 1 blocks west, and 3 blocks south. At which coordinate does the route end?

A. Coordinate (3, 1)
B. Coordinate (0, -2)
C. Coordinate (2, -1)
D. Coordinate (5, -4)

**64.** Starting at coordinate (0, 0), a patrol route moves 4 blocks east, 3 blocks north, 2 blocks west, and 2 blocks south. At which coordinate does the route end?

A. Coordinate (3, 3)
B. Coordinate (0, 0)
C. Coordinate (5, -2)
D. Coordinate (2, 1)

**65.** Starting at coordinate (0, 0), a patrol route moves 1 blocks east, 4 blocks north, 3 blocks west, and 1 blocks south. At which coordinate does the route end?

A. Coordinate (-1, 5)
B. Coordinate (-4, 2)
C. Coordinate (1, 0)
D. Coordinate (-2, 3)

**66.** Starting at coordinate (0, 0), a patrol route moves 2 blocks east, 5 blocks north, 1 blocks west, and 3 blocks south. At which coordinate does the route end?

A. Coordinate (1, 2)
B. Coordinate (2, 4)
C. Coordinate (-1, 1)
D. Coordinate (4, -1)

**67.** Starting at coordinate (0, 0), a patrol route moves 3 blocks east, 2 blocks north, 2 blocks west, and 2 blocks south. At which coordinate does the route end?

A. Coordinate (2, 2)
B. Coordinate (-1, -1)
C. Coordinate (1, 0)
D. Coordinate (4, -3)

**68.** Starting at coordinate (0, 0), a patrol route moves 4 blocks east, 3 blocks north, 3 blocks west, and 1 blocks south. At which coordinate does the route end?

A. Coordinate (2, 4)
B. Coordinate (1, 2)
C. Coordinate (-1, 1)
D. Coordinate (4, -1)

**69.** Starting at coordinate (0, 0), a patrol route moves 1 blocks east, 4 blocks north, 1 blocks west, and 3 blocks south. At which coordinate does the route end?

A. Coordinate (1, 3)
B. Coordinate (-2, 0)
C. Coordinate (0, 1)
D. Coordinate (3, -2)

**70.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 4 positions, with the order preserved cyclically. Which row results?

A. E-F-G-H-A-B-C-D
B. D-E-F-G-H-A-B-C
C. H-G-F-E-D-C-B-A
D. A-C-B-D-E-F-G-H

**71.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 1 positions, with the order preserved cyclically. Which row results?

A. G-H-A-B-C-D-E-F
B. H-G-F-E-D-C-B-A
C. A-C-B-D-E-F-G-H
D. B-C-D-E-F-G-H-A

**72.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 3 positions, with the order preserved cyclically. Which row results?

A. E-F-G-H-A-B-C-D
B. D-E-F-G-H-A-B-C
C. H-G-F-E-D-C-B-A
D. A-C-B-D-E-F-G-H

**73.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 5 positions, with the order preserved cyclically. Which row results?

A. C-D-E-F-G-H-A-B
B. H-G-F-E-D-C-B-A
C. F-G-H-A-B-C-D-E
D. A-C-B-D-E-F-G-H

**74.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 2 positions, with the order preserved cyclically. Which row results?

A. F-G-H-A-B-C-D-E
B. H-G-F-E-D-C-B-A
C. A-C-B-D-E-F-G-H
D. C-D-E-F-G-H-A-B

**75.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 4 positions, with the order preserved cyclically. Which row results?

A. E-F-G-H-A-B-C-D
B. D-E-F-G-H-A-B-C
C. H-G-F-E-D-C-B-A
D. A-C-B-D-E-F-G-H

**76.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 1 positions, with the order preserved cyclically. Which row results?

A. G-H-A-B-C-D-E-F
B. B-C-D-E-F-G-H-A
C. H-G-F-E-D-C-B-A
D. A-C-B-D-E-F-G-H

**77.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 3 positions, with the order preserved cyclically. Which row results?

A. E-F-G-H-A-B-C-D
B. D-E-F-G-H-A-B-C
C. H-G-F-E-D-C-B-A
D. A-C-B-D-E-F-G-H

**78.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 5 positions, with the order preserved cyclically. Which row results?

A. C-D-E-F-G-H-A-B
B. H-G-F-E-D-C-B-A
C. A-C-B-D-E-F-G-H
D. F-G-H-A-B-C-D-E

**79.** A row of letters reads A-B-C-D-E-F-G-H. The entire row is rotated left by 2 positions, with the order preserved cyclically. Which row results?

A. C-D-E-F-G-H-A-B
B. F-G-H-A-B-C-D-E
C. H-G-F-E-D-C-B-A
D. A-C-B-D-E-F-G-H

**80.** Passage: The memo says the word 'provisional' beside the route assignment. In context, that word indicates the route may change after conditions are reviewed. What does 'provisional' mean here?

A. Permanent and no longer reviewed.
B. Secret and unavailable to the team.
C. Temporary and subject to confirmation.
D. Incorrect and removed from the record.

**81.** Passage: The supervisor moved the briefing to the north entrance because the original room was being cleaned. The change applied only to the morning briefing. What is the main idea?

A. All meetings were canceled permanently.
B. The original room was expanded for training.
C. The morning briefing was moved temporarily.
D. The supervisor changed every scheduled activity.

**82.** Passage: A witness submitted a signed note at 14:20. The note described a red bicycle near the records window. Which detail is directly stated?

A. The note was submitted at 14:20.
B. The witness saw a blue bicycle at noon.
C. The note was submitted without a signature.
D. The bicycle was located outside the city.

**83.** Passage: The first checklist was shorter, but it omitted the equipment serial number. The revised checklist added that field and took slightly longer to complete. What can be inferred?

A. The revision eliminated all equipment checks.
B. The first checklist required more information.
C. The revised checklist was used only once.
D. The revision improved completeness.

**84.** Passage: Officers were asked to record observations separately before comparing notes. This method reduces the chance that one person's memory will influence another person's initial account. Which summary is best?

A. Shared notes guarantee identical memories.
B. Separate notes protect independent recall.
C. Comparing notes should always happen first.
D. Initial accounts are unnecessary after discussion.

**85.** Passage: The memo says the word 'provisional' beside the route assignment. In context, that word indicates the route may change after conditions are reviewed. What does 'provisional' mean here?

A. Permanent and no longer reviewed.
B. Secret and unavailable to the team.
C. Temporary and subject to confirmation.
D. Incorrect and removed from the record.

**86.** Passage: The supervisor moved the briefing to the north entrance because the original room was being cleaned. The change applied only to the morning briefing. What is the main idea?

A. All meetings were canceled permanently.
B. The morning briefing was moved temporarily.
C. The original room was expanded for training.
D. The supervisor changed every scheduled activity.

**87.** Passage: A witness submitted a signed note at 14:20. The note described a red bicycle near the records window. Which detail is directly stated?

A. The witness saw a blue bicycle at noon.
B. The note was submitted without a signature.
C. The bicycle was located outside the city.
D. The note was submitted at 14:20.

**88.** Passage: The first checklist was shorter, but it omitted the equipment serial number. The revised checklist added that field and took slightly longer to complete. What can be inferred?

A. The revision improved completeness.
B. The revision eliminated all equipment checks.
C. The first checklist required more information.
D. The revised checklist was used only once.

**89.** Passage: Officers were asked to record observations separately before comparing notes. This method reduces the chance that one person's memory will influence another person's initial account. Which summary is best?

A. Shared notes guarantee identical memories.
B. Comparing notes should always happen first.
C. Separate notes protect independent recall.
D. Initial accounts are unnecessary after discussion.

**90.** Passage: The memo says the word 'provisional' beside the route assignment. In context, that word indicates the route may change after conditions are reviewed. What does 'provisional' mean here?

A. Permanent and no longer reviewed.
B. Temporary and subject to confirmation.
C. Secret and unavailable to the team.
D. Incorrect and removed from the record.

**91.** Which sentence communicates the observation most clearly and professionally?

A. At 09:10, there was a gate, it was damaged.
B. The gate was kind of damaged when the officer got there.
C. The officer, seeing the gate, which was damaged, noted it.
D. The officer observed a damaged gate at 09:10.

**92.** Which sentence uses the clearest chronological order?

A. The officer notified the supervisor before arriving at the location.
B. The officer arrived, recorded the condition, and notified the supervisor.
C. The officer recorded the condition after leaving before arriving.
D. The officer arrived after the condition was recorded by leaving.

**93.** Which memo subject line is most precise?

A. Subject: Missing key reported at 16:30
B. Subject: Important matter involving something today
C. Subject: This is about the thing we discussed earlier
D. Subject: Question

**94.** Which sentence avoids an unsupported conclusion?

A. The witness reported seeing a person near the doorway.
B. The witness proved that the person committed the offense.
C. The witness clearly knew the person's intent.
D. The witness established every fact about the event.

**95.** Which sentence has the clearest grammatical structure?

A. The forms was completed before the equipment returned.

B. Completed the forms before the equipment was returned.
C. The forms, they completed before returning equipment.
D. The forms were completed before the equipment was returned.

**96.** Which sentence communicates the observation most clearly and professionally?

A. At 09:10, there was a gate, it was damaged.
B. The gate was kind of damaged when the officer got there.
C. The officer observed a damaged gate at 09:10.
D. The officer, seeing the gate, which was damaged, noted it.

**97.** Which sentence uses the clearest chronological order?

A. The officer notified the supervisor before arriving at the location.
B. The officer recorded the condition after leaving before arriving.
C. The officer arrived, recorded the condition, and notified the supervisor.
D. The officer arrived after the condition was recorded by leaving.

**98.** Which memo subject line is most precise?

A. Subject: Important matter involving something today
B. Subject: Missing key reported at 16:30
C. Subject: This is about the thing we discussed earlier
D. Subject: Question

**99.** Which sentence avoids an unsupported conclusion?

A. The witness proved that the person committed the offense.
B. The witness clearly knew the person's intent.
C. The witness established every fact about the event.
D. The witness reported seeing a person near the doorway.

**100.** Which sentence has the clearest grammatical structure?

A. The forms were completed before the equipment was returned.
B. The forms was completed before the equipment returned.
C. Completed the forms before the equipment was returned.
D. The forms, they completed before returning equipment.

## Practice Exam 19: Answer Key and Explanations

**1. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**2. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**3. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**4. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**5. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**6. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**7. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**8. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**9. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**10. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**11. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**12. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For deductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**13. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**14. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**15. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**16. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**17. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**18. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**19. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**20. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**21. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**22. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**23. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**24. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For inductive reasoning, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**25. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**26. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**27. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**28. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**29. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**30. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**31. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**32. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**33. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**34. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**35. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**36. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For information ordering, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**37. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**38. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**39. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**40. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**41. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**42. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**43. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**44. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**45. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**46. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**47. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For detail recall, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**48. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**49. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**50. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**51. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**52. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**53. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**54. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**55. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**56. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**57. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**58. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For problem sensitivity, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**59. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**60. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**61. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**62. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**63. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**64. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**65. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**66. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**67. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**68. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**69. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For spatial orientation, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**70. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**71. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**72. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**73. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**74. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**75. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**76. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**77. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**78. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**79. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For visualization, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**80. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**81. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**82. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**83. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**84. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**85. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**86. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**87. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**88. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**89. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**90. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written comprehension, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**91. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**92. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**93. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**94. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**95. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**96. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**97. C** — The correct choice is C. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**98. B** — The correct choice is B. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**99. D** — The correct choice is D. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.

**100. A** — The correct choice is A. The prompt's controlling detail is the stated condition. It supports this answer because every required relationship remains intact. The other choices alter, omit, or reverse one detail. For written expression, mark the facts, apply the rule without adding assumptions, and compare each option with the complete record before deciding.
